Re: Komtel Project Engineering, Prishtina

I am pleased to recommend Komtel Project Engineering, Prishtina

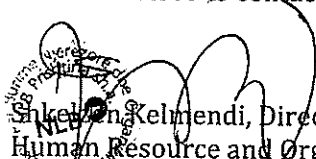

Komtel Project Engineering, Prishtina has successfully developed and implemented the software "Human Resources Management Information System (HRMIS) including Payroll System" for NLB Prishtina.

The project "Human Resources Management Information System (HRMIS) including Payroll System" consists of development and implementation of complex software application for Human Resources and Payroll management.

During the development and implementation of the project the staff of Komtel Project Engineering has closely and professionally cooperated with NLB Prishtina responsible staff. The company has shown high professionalism, knowledge of the subject and high flexibility in addressing our needs which has resulted in a very good final product and very useful tool.

In this regards, we are pleased to recommend Komtel Project Engineering and its highly professional staff to any other similar projects.

Please feel free to contact us for any further details or information.
